

PENDU Model 800 Series Edgers

Two machines in one.

Increase production with the 8" Model 800 Series Edgers. Available in 32" up to 60" widths, each is a combination of both an edger and a gang saw. Model 800 units lets you edge boards and gang saw cants simultaneously with a single machine. Model 800 Series Edgers feature two independent bays, each with its own feed and press rolls and its own separate feed rate.
