

3100i Block Cutter

Block Pallet Production Made Easy

The Pendu Block Cutter is the efficient, affordable way to produce blocks for your pallet production operation. The 3100i is designed to produce up to 2700 blocks per hour. The Pendu Block Cutter can be adjusted to cut 4" square up to 6" square, 4" up to 7-1/2" long blocks from 12" minimum length material. The 3100i features a 22" diameter saw blade with a 3 HP VFD motor for the indexing assembly and a 15 HP 1800 RPM TEFC arbor motor. Sawdust is discharged through a 6" outside diameter dust outlet.
