

Model 1200 Chain Cutoff Saw

Turn Raw Logs Into Workable Lengths

The Pendu Model 1200 Chain Cutoff Saw is precision designed, engineered and manufactured to turn raw logs into workable lengths quickly and efficiently. With its heavy-duty 15 horsepower TEFC motor and 48" double ended chain bar, the Model 1200 easily powers through logs of up to 18" in diameter. Each unit comes complete with a 20' trough style log conveyor
