

# 5408 BAND SAW

## INCREASE GRADE AND PRODUCTION

Get the most out of your lumber with the Pendu 5408 Band Saw! Our 8" Band Saw handles material up to 20" x 20". The band is tensioned by a pneumatic regulator, resulting in a more stable platform for the 54" diameter drive wheels. A hydraulic saw lift allows for smooth height adjustment. Heavy duty steel construction provides unmatched durability.

Call us today to find out how the 5408 Band Saw can give you more production!
